Knowledge Checks / Activity Quizzes

NOTE: Not all curriculum will have these.

There are several types of Knowledge Checks / Activity Quizzes for the students to test their knowledge on the course material.

On the one below, the student will read the scenario then choose their answer(s) and select **Check**.

It will then show the correct and incorrect selections that were made. If there are any incorrect, you can **Show solution** to see the correct answer. If you do not want to see the solution, you can select **Retry** to do it over.

Show Solution will show you the correct answer(s) that you did not choose. Then select **Retry** to take the question over again.

When correct, the star will turn yellow with the number of correct answers.

Another type of knowledge check is an interactive activity. You are asked to select the correct image to answer the question.

If you choose the incorrect answer, select the **refresh symbol** to try again.

Activity 1Ai: Knowledge Check

A quiz knowledge check shown below contains a question per page to be answered.

Select your answer and then select **Next page**.

When completed, the screen will show how many questions there were answered.

You can then select **Return to attempt** and retake the quiz or **Submit all and finish**.

If you choose Submit all and finish, you will see a confirmation box. Select the **Submit all and finish** button.

Confirmation   ×

Once you submit, you will no longer be able to change your answers for this attempt.

Submit all and finish   Cancel

You will see which answers you got correct & which ones you answered incorrectly.
